

NARESWARA MAULANA ALETHA ALHAQ

FRONTEND DEVELOPER & PROJECT MANAGER

Kudus, Jawa Tengah • +62 858 5128 0028 • naresalhaq9@gmail.com

<https://nareswara-porto.vercel.app>

Hi, I'm Nareswara (Nares). I'm an early-semester Informatics Engineering student who combines the technical skills of a Front-End Developer with the strategic vision of a Project Manager. Beyond coding with Next.js and Tailwind CSS, I excel at guiding real-world projects from initial Figma mockups right through to seamless deployment, ensuring team collaboration and top-tier UI/UX every step of the way.

CORE EXPERTISE

- Frontend (React, Next, Vue, Flutter)
- Management Project
- Leadership
- Backend (Laravel, Python)
- System Design
- Problem Solving
- AI Integration (Meta llama, Tensorflow)
- UI Design

KEY ACHIEVEMENTS

- 3rd Dinus Application Competition.
- 1st Tech4impact University Of Muria Kudus
- 2nd ITFest Web Development

PROFESSIONAL EXPERIENCE

Internship UI/UX Designer, PT Nuri Gaya Citra

Nov 2023 - Des 2023

- Designed the User Interface for a Cash on Delivery (COD) feature during a virtual internship.
- Conducted user research to empathize with user needs and identify key pain points.
- Ideated and provided actionable design solutions based on user feedback.
- Executed the end-to-end UI design process, from initial wireframing to final high-fidelity mockups.

Internship Frontend Developer & Project Manager, PT Data Utama Dinamika

Okt 2024 - Mar 2025

- Architected and developed highly functional, production-ready websites tailored to solve specific client challenges.
- Led collaborative team workflows and managed strict project timelines to ensure efficient, on-time delivery.
- Translated complex client needs into scalable web features and seamlessly integrated APIs for dynamic user experiences.
- Acted as the primary client liaison, clearly articulating product value, core functionalities, and competitive advantages to stakeholders.
- Ensured flawless system performance through rigorous testing, continuous optimization, and rapid bug resolution.

Internship UI/UX Designer, Fundex.id

Feb 2025 - Mar 2025

- Spearheaded the UI/UX redesign of the Fundex landing page to elevate visual appeal and user engagement.
- Analyzed and optimized end-to-end user flows, eliminating friction points to deliver a seamless and highly intuitive user experience.
- Developed comprehensive design systems and moodboards from scratch to ensure visual consistency and streamline the design-to-development handoff.

Frontend Developer & UI/UX Designer, ByteBuilder IT Solution

Mar 2024 - Mar 2025

- Facilitated strategic client meetings to align on project objectives, present design concepts, and translate business requirements into actionable technical solutions.
- Conducted in-depth user interviews and research to identify core pain points, driving data-informed solutions that maximize user comfort and satisfaction.
- Crafted interactive, high-fidelity, and responsive UI designs using Figma to deliver an intuitive and visually engaging user experience.
- Engineered robust and responsive web interfaces using Next.js, seamlessly integrating APIs to guarantee smooth data flow and optimal application functionality.

Project Manager & Frontend Web Developer, Aston Sistem Indonesia

Okt 2025 - Mar 2026

- Architected early-stage system foundations, including Entity-Relationship Diagrams (ERDs) and initial prototypes, to translate business concepts into technical blueprints.
- Managed end-to-end project lifecycles by establishing workflows, defining strict timelines, and detailing comprehensive feature specifications.
- Led ongoing client communications and facilitated strategic milestone meetings using structured presentation decks to align stakeholder expectations.
- Developed responsive front-end interfaces while enforcing collaborative engineering best practices utilizing Version Control Systems (Git/VCS).
- Mentored cross-functional team members and proactively resolved technical blockers to maintain project momentum and ensure timely delivery.

EDUCATION

Software Engineering

Aug 2022 - Mei 2025

SMK Raden Umar Said

Informatics Engineering

Sep 2025 - Present

University Of Muria Kudus
